BRINGING YOU ALL THE BENEFITS OF A NATIONAL PURCHASING PROGRAM FOR OFFICE SUPPLIES WITH LOCAL SERVICE

AOPD Corporate Purchasing Programs

Since its establishment in 1978, AOPD has been a leader in developing national distribution programs. Our experience guarantees customized design, timely implementation and outstanding service. By partnering with AOPD, customers benefit from competitive pricing, extensive product selection and accurate invoicing and reporting. In addition, customers enjoy the advantages of working with a local committed distributor offering unparalleled levels of customer service, order fulfillment and problem resolution.

Some suppliers require you to modify your business practices to fit their program. AOPD customers can tailor a purchasing program to fit their corporate objectives by choosing product offerings, order-entry methods, delivery requirements and invoicing/reporting formats. AOPD has the proven capabilities to implement a program customized to fit the way you want to do business at each of your locations.

Local Distribution

AOPD has grown to include over 170 sales and distribution facilities throughout the United States, Canada and Australia. With more than one distributor in many major markets, next day delivery from a local distribution center is guaranteed. Only AOPD offers you the choice of servicing distributor, meaning many of your existing supply relationships can continue.

Full-Line Catalog

AOPD's single national catalog makes it convenient to find all of your favorite office supplies from well-known vendors, while providing consistency for your purchasing program. In addition to office products, AOPD members offer a full range of offerings including office furniture, Jan/San products, breakroom supplies, coffee services, ad specialty items and much more.

Local Service

What Does AOPD Offer?

Superior Local Service

AOPD makes it easy to enjoy the benefits of a national purchasing program and still have the advantages of working with local service partners. The average AOPD dealer's sales and customer service personnel have over 20 years of industry experience. When you contact an AOPD member, you can feel confident that you are talking to a knowledgeable local representative who knows your company and your local market. In addition, all of AOPD's locally owned and operated dealers take an active role in their business communities.

When you purchase your office products from an AOPD dealer, your dollars are going to stay local and help finance the infrastructure of your community!

Continuous Program Management

AOPD offers management reports that allow you to monitor usage patterns at any level throughout your organization. The system consolidates usage information, captures account data and offers a wide range of reports to view in any format. Complete customer satisfaction and the achievement of your corporate goals are our highest priority.

Exceptional Quality

AOPD's quality assurance begins with a stringent membership qualification process. Only independent office product companies that demonstrate substantial industry experience, financial and physical resources, state of the art ordering systems and a commitment to complete customer satisfaction qualify for review by the AOPD Board of Directors.

City of Hope

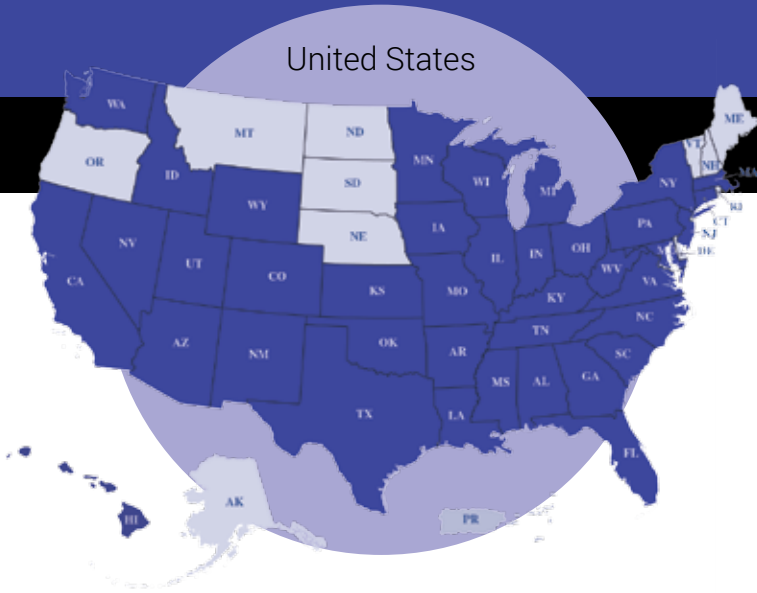

RESEARCH • TREATMENT • CURES

Cause Oriented

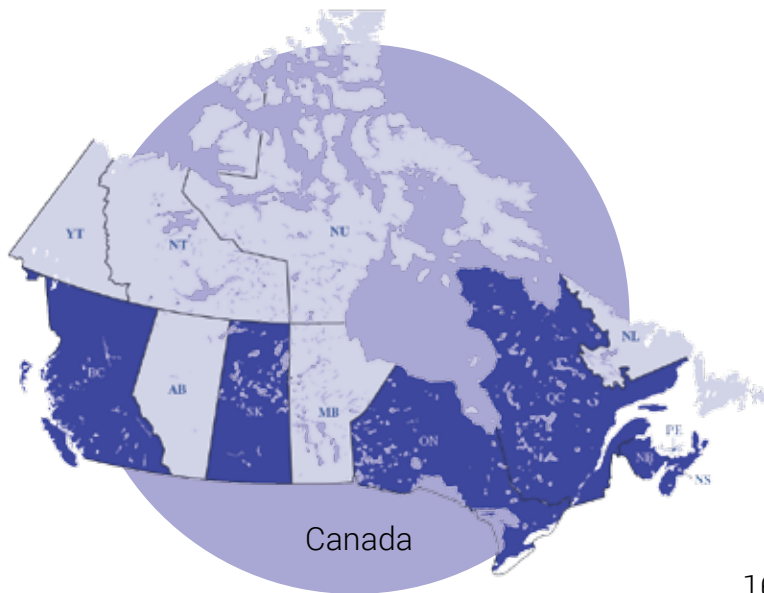

Since 2006, AOPD has donated over \$500,000 to City of Hope, a leading research and treatment center for cancer, diabetes, HIV/AIDS and other life-threatening diseases.
